

## 10 Reasons to purchase an EZ36 excavator

1. You can't beat experience! Wacker Neuson has over 160 years of experience in construction equipment. Designed, engineered and manufactured in Europe
2. Large comfortable cabin with factory fitted air conditioned, ROPS certified
3. Factory fitted auxiliaries hoses that are plumbed through the boom and slew console for protection.
4. Wacker Neuson's Easylock hitch that is factory fitted. Diggings and breakout forces include the hitch, not pinned to the dipper stick
5. The two-part support of the pivot console on the chassis ensures an optimal layout and power transmission
6. Heavy duty dozer blade for greater stability and serviceability.
7. Powerful and maintenance-free hydraulic drive motor
8. Zero tail swing for work in confined areas
9. The standard hydraulic oil cooler was sized so that the machine still provides full performance even above an ambient temperature above 40°C without overheating in the process.
10. Replaceable steel bushings with large bearings on the boom and dipper stick.
